### **Bunker Technologies Opens New Office on Capital Square**

Madison, WI, January 4, 2018 - Cresa Madison worked with Bunker Technologies to locate their new office space in downtown Madison. The new location occupies the third floor of 202 State Street which is just above the Comedy Club. This suite provides the insurtech company an excellent workspace, reflecting the company's open culture and modern design. Bunker believes that Madison has the ideal culture and provides a thriving talent market for the next phase of their growth. This move represents an expansion from the original San Francisco headquarters as Bunker's second office.

Bunker chose Madison because it's home to many leading insurance companies and has a high standard of living. In late 2016, Bunker began looking for a broker with expertise in the Madison market. Matt Apter, a Managing Principal at Cresa Madison, was recommended by two trusted friends of Bunker CEO and Co-Founder Chad Nitschke to start the search for a location. The office on State Street was a great choice that could be designed and built to best fit the culture of Bunker's team. Over the next several months the new office was remodeled and opened in December of 2017.

"Madison consistently ranks high in having a highly educated workforce and great quality of life. As a San Francisco venture-backed tech company, we're thrilled to be part of the Madison community, and look forward to adding additional talented software engineers, sales, insurance, and other key roles to the team." Stated Chad.

#### **About Cresa**

Cresa is the world's largest corporate real estate advisory firm that exclusively represents tenants and specializes in the delivery of fully integrated real estate & project services. Our clients benefit from our exclusive focus on tenants and as such we do not have conflicts of interests by representing developers or landlords. We take a consultative approach and fully understand your business before we make any recommendations. Our broad range of integrated, tenant focused services means we can handle any type of assignment, large or small. For more information, visit [www.cresa.com/madison](http://www.cresa.com/madison).

#### **About Bunker**

Bunker Technologies, Inc., headquartered in San Francisco, CA with a second office in Madison, WI, launched in 2016 to deliver an entirely new small business insurance buying experience. Through its wholly owned subsidiary Bunker Protect, Inc., they are a licensed digital insurance broker in all 50 states, in addition to working with leading insurance carriers in building new and unique insurance products. By embedding insurance into the contracting and compliance process, Bunker delivers the exact business insurance policies at the moment they're needed. For more information, visit [www.buildbunker.com](http://www.buildbunker.com).
