Starion Financial rated four stars by Bankrate.com

Starion Financial has been awarded four stars in Bankrate.com’s Safe & Sound Ratings service for the quarter that ended September 30, 2013. This is the highest score a financial institution can receive. These ratings are comparisons to both industry and peer norms and standards and key absolute benchmarks.

For more than 16 years, Bankrate.com’s Safe & Sound service has given consumers information on the relative financial strength and stability of U.S. commercial banks, savings institutions and credit unions. They are a leading publisher, aggregator and distributor of personal finance content on the Internet.

“Bankrate has a solid system for rating financial institutions,” said Craig Larson, president/CEO. “We are proud of the strong rating we received and will work hard to keep receiving high scores like this in years to come.”
